Farnham's Beerex keeps breaking records.

Farnham's premier beer festival, Farnham Beerex, keeps breaking records after holding its 38th Annual Event earlier this year.

Following hard on the heels of record proceeds in 2013, this year's Farnham Beerex missed yet another individual record by just £350, but delivered a record fifth year with proceeds in excess of £31,000. The last three years have amassed over £100,000 and since the millennium the event has raised over £400,000 for Farnham Lions to distribute to local good causes.

This sell out 38th annual festival beat all expectations; after sharing the proceeds with The Maltings and CAMRA, Farnham Lions received almost £36,600. The three partners in the event are indebted to the band of non-aligned volunteers who regularly help out and make the event what it is.

The Festival, which is the longest running festival in the UK to be held in the same place, will next be held on 23rd, 24th and 25th April 2015.

Public tickets will go on sale at Farnham Maltings on Sunday 1st March 2015, at 7.00am.
