Introducing ISG

We are delighted to announce that the Fountain Centre has been chosen by employees of ISG as one of their team charities for the next two years. ISG – Information Services Group – has offices all around the world, with Head Offices in Connecticut. The Guildford team are based just by the river, close to the Yvonne Arnaud Theatre.

The staff vote every two years, and support their charities in teams (a bit like school houses, I think) – we have been adopted by Team Zippy, so it sounds like we will have a fun-filled couple of years.

Thank you, Hindhead!

We have had a lovely year working with Hindhead Golf Club. Gerry Marvell, Ladies' Captain for 2014, adopted the Fountain Centre as her charity of the year, after going through treatment herself – and she has been terrific. All the ladies have been extremely supportive, and the Club itself put in a tremendous amount of work to make the Farnham Lions Golf Day in August a huge success.

There are pictures from the day in the last newsletter – but we weren't sure of the final total. The Lions Committee visited in force in October, to make a formal presentation of the proceeds – a cheque for a magnificent £8135.29. So with Gerry's final cheque from her other activities during the year, she has raised over £10,300.

We are so grateful, Gerry – you have worked so hard!
