

Nearly time for Carnival

FARNHAM Carnival is almost upon us once again, kicking off on Saturday, June 27.

This year's 'Waterloo'-themed carnival promises live entertainment, stalls, music, food and bar.

The carnival procession begins at 6pm from Upper Hart car park, and the

Carnival Fayre in Gostrey Meadow runs from 2pm until 9pm.

From 5.30pm to 8pm there will be various road closures in order for the procession to run safely.

For more information visit the website which can be found at www.farnhamcarnival.org.uk.

Finishing touches for carnival float

YOUNG adults from the Farnham-based organisation Post 19 have been putting the finishing touches on Farnham Town Council's carnival float.

The float will incorporate 25 years of Farnham in Bloom with the theme of this year's carnival, which is Waterloo. Hundreds of flowers and plants have

been grown and nurtured by young adults from Post 19. These are now being planted up into containers which will decorate the float.

Stephen Hill, lead member for community enhancement, said: "The young adults from Post 19 are working really hard to create their float - I'm sure it is going to look stunning.

As well as getting ready for the carnival the Farnham in Bloom team has started to put up the hanging baskets and to plant the various containers situated around the town. The colour combinations are lovely and the flowers should be looking at their best by time the judges arrive on July 9 and 10.

"The 25th anniversary of Farnham in Bloom is being sponsored by BBS Ltd, suppliers of Magimix products. There is still time to get involved in this year's special anniversary year by sponsoring a hanging basket, entering the Secret Garden competition or perhaps organising a litter pick in the area where you live

or work.

"We would like everyone to consider doing a little extra in their garden or on their window ledge this year to make our anniversary a year to remember."
