

During 2018 we were pleased to be able to help many individuals and organisations. This is how we did it.

Each month Farnham Lions receives requests for donations from a wide range of agencies and organisations. Each request is considered at committee level and then debated by the whole Club. Most are funded directly by funds raised by Farnham Lions to support the local community.

Some requests may be shared either with other local Lions Clubs, depending on the location, or other local charities where appropriate to promote joint working in the community we all serve.

Supporting the elderly/disabled: We spent money supporting or funding the purchase or part purchase of:

Stair lift / Specialist beds / Specialist gloves / Specialist seating / Mobility scooter
Respite Care / Carpeting / Garden work / Tea Party

We also made donations to two local charities who support the Elderly.

Local schools: We spent money supporting or funding the purchase or part purchase of:

Helping to fund children to attend residential trips / Lighting and audio equipment
Replacing reading scheme books / Cooking equipment to promote healthy eating

The Stepping Stones School was also the beneficiary of our Annual Golf Day proceeds
